ILLUMI-NITE FAQs

How do we form our KEEP GOING 25 team and engage participants?

Teams can be formed in many ways using existing teams, clubs, classes, campus ministries, or other extracurricular groups. You can also create a new team and recruit participants for it.

What are the criteria for the recipients of Illumi-NITE?

There are no set criteria for whom you can Illumi-NITE. It is whomever you feel can use the message of KEEP GOING. Some examples:

- health issues (someone in need of organ transplant, cancer, ALS, dementia etc.)
- battling addiction
- house fire
- loss of a loved one (recent or years passed)
- divorce
- injury
- loss of job or starting a new one
- mental health
- natural disaster
- relocation
- deployed service men and women
- single parent
- recovering from an accident/sports injury
- recognizing a community hero or service person who helps others KEEP GOING (firefighter, police, healthcare worker, real life heroes, foster families)

How will we determine who we Illumi-NITE?

The facilitator and participants work together to determine who will be Illumi-NITED.

Is there a set number of recipients we can Illumi-NITE?

KEEP GOING 25 funds luminary kits on a first come, first serve basis to those who qualify and commit to participate and serve.

Do we contact the recipient?

We recommend contacting someone close to the recipient to gauge if they would be open to being Illumi-NITED.

Is it a surprise?

While we feel the element of surprise can be more impactful, we understand if you feel the need to let the recipient know something will be left outside their residence. The recipient does not have to be present or come out to receive it.

What if the recipient comes out while Illumi-NITING?

Introduce yourself and hand them the print materials that explain Illumi-NITE.

What about the privacy of the recipient?

We suggest keeping the recipient's story very general so that the participants know the basic reason for Illumi-NITING (i.e. battling cancer, loss of loved one, etc).

Are the luminaries flammable?

The luminaries are not flammable. We use battery operated tea lights.

What about weather conditions?

The luminary bags are waterproof so can be placed out in all weather conditions.
